

TNT Post

Supports your international e-commerce ambition

post

a PostNL company

What are your needs?

Selling abroad will become a main driver of growth for e-commerce in the next decade. Do you have customers abroad? Have you considered selling abroad? Do you need a reliable, secure and convenient way to deliver parcels internationally? Well, there's no need to look any further.

How we support you?

We create unique access to consumers abroad, within and outside the European Union.

- **To consumer network:** European Union and Rest of World delivery
- **Transparency:** full Track & Trace service, from collection to delivery
- **Returns:** easy return services
- **Fulfilment:** e-commerce services
- **Reliability:** proof of delivery signature
- **Simplicity:** competitive tariffs in a transparent and simple structure
- **Convenience:** always a retail point nearby to serve your customers
- **One point of contact:** one customer service for international deliveries and returns
- **Innovative:** always on top of the latest developments and continuously introducing new services
